

SPARTAN SPOTLIGHT

GOOD VS BAD BIO & PHOTO

Example of a Good Bio

What did the team member do to have the spotlight shined on them?

I want to start by saying how he has completely turned the stores progress around for the better. Ever since he has become our general manager he has done so much to help everyone grow, then guiding his employees through hard times as well as working with us all on team building and ensuring the site is cleaned up and ready to go each night and day! He has shown positive reinforcement and constructive criticism to help all of the employees reach the goals they wish to reach. I truthfully cannot wait to see what more he brings to the site and all of its employees and guests.
